

## ENDLESS LOVE (A. Gariazzo)

I cannot waste all my precious time  
Just runnin' down every sweet sweet smile  
There's somethin' special when I'm thinking of you  
And you ain't got to worry cause you're breakin' my  
heart

I'm going back to my lonely time  
I was so reckless in my carefree life  
Then when you appeared I just fall behind  
Now you ain't got to worry cause you're stealin' my  
soul

So it was in November when I fell in love  
And there'll be no other just getting' me so high  
I just wanna be your endless love  
If I still got the time....

It seems so easy but life is so strange  
I just wanna try thinking things gonna change  
There's somethin' special when I'm looking at you  
And you ain't got to worry cause you're taking my  
heart
